

D4Drivers

The UK's Leading Supplier of Driver Medicals

Rated Excellent

Trustpilot

Exclusive benefits with a D4Drivers business account

Businesses all over the UK are choosing D4Drivers to provide their driver medicals and occupational health. As well as benefiting from our vast network of clinic locations and unbeatable availability, business customers who open a free account also receive a range of additional benefits including:

Discounted prices

To reward customers who book regularly and to help businesses keep the cost of compliance to a minimum, we reduce the price for account customers from £55 to £52 including VAT.

On-site service

Need a Doctor to come to you? Book a site visit and our Doctor will attend your site to complete multiple assessments, taking the hassle out of recruitment and training days. Minimum charge for ten medicals applies.

Dedicated account manager

We allocate every business an experienced account manager to ensure that you always have a friendly point of contact, and a reliable service. Your Account Manager can assist with any questions you may have along the way.

Login access & referral codes

Account customers can opt to receive a login so that a dedicated person or team can arrange medicals for drivers as and when they are notified of upcoming entitlement expiry. Booking codes are available for customers who prefer drivers to book their own medical, but still want the security of knowing that the driver has been seen by a reputable Doctor and at a fair price.

Simple monthly billing

Avoid receipts and card payments and reduce your administration. We send our account customers a single itemised invoice each month for all medicals booked in the previous calendar month. Purchase order numbers and reference numbers can be recorded when bookings are made for hassle-free billing.
