

Medical Examination for Hackney Carriage/Private Hire Drivers

To be completed by a registered GP with access to the named individual's medical records (please use black ink)

The Group 2 medical standards applied by the DVLA in relation to bus and lorry drivers are also applied to the drivers of hackney carriage and private hire vehicles. This is in line with the DVLA's "Assessing fitness to drive":- a guide for health professionals, best practice advice contained in the booklet "Medical Aspects of Fitness to Drive" published by the medical commission on accident prevention in 1995 and the Department for Transport's Taxi and Private Hire Vehicle Licensing Best Practice Guidance.

With the consent of the DVLA, we use their form to ensure the standards required are the most current. Therefore please complete the DVLA's D4 Medical form attached and the declaration below. Please note, this form WILL NOT be forwarded to the DVLA, it is for Local Authority use only to assist us in determining whether or not this individual is fit to undertake the duties of a Hackney Carriage/Private Hire Driver.

Medical Practitioner Declaration

I certify that I have access to the applicant's medical records and I have assessed the named individual using D4 medical examiner report for a lorry or bus driving licence and my findings are:

A	There are no YES ticks in any of the boxes (excluding vision) and there are no medical conditions requiring further assessment and evaluation.	<input type="radio"/>
B	There is one or more tick in the YES boxes (excluding vision) further assessment is required <i>(with details of who the taxi driver should contact)</i>	<input type="radio"/>
